Hi Andrea.

Here are the highlights from last week:

Steve signed:  
Caterpillar letter-7/27/20  
WI SSO GP WI0047341 letter-7/29/20  
Granite City letter-7/30/20  
Platte River-7/30/20

We received 4 permits to review on 7/28/20:

IDEM GP ING250000 Once Through NCCW - myself/Karly IDEM GP ING670000 Hydrostatic Testing of Commercial Pipelines - Wilonda IDEM GP ING080000 GW from Petroleum Remediation Systems - Janet Federal Mogul MI0002836 -LouAnn

I updated your excel spreadsheet with this information. However, I did not update the #issues columns for the permit review letters.

We also received a control R5-20-000-6192-C Due 8/11/20 regarding wet weather sewage discharges in Centerville, IL. I assigned it to LouAnn. Mark and I discussed and felt LouAnn had the most experience/knowledge to handle. I asked her to mentor Katie on this one.

Of course, if any of these reviews/letters need to be reassigned please do so.

It was a very busy week! And we even skated around a couple of FOIAs!

Thank you,
